

FIREFIGHTER/EMT APPLICATION PERIOD OPENS AUG 1, 2022

#DCsBravest

With 150 years of service, #DCsBravest is entering a new chapter and we want you to be part of our story. We are an all-hazards emergency response department in the Nation's Capital. One of the busiest departments in the country, we respond to more than 250,000 calls for fire, EMS, and technical rescue service annually. We practice our core values 24-hours a day, 365 days a year – the BASICS:

Bravery * Accountability * Safety * Integrity * Compassion * Service

We offer not just a job, but a lifelong career, with high quality training, a standard of excellence, and excellent pay and benefits, including a retirement pension.

We are an Equal Opportunity Employer. English speaking Bilingual applicants are encouraged.

New Virtual Option to Test

On August 1, the application period for Firefighter/Emergency Medical Technician (EMT) opens for 30 days. Once you apply, you can choose to take the exam in person or virtually!

The virtual option to test is an exciting first for our department! The District of Columbia has partnered with National Testing Network to develop and proctor the exam. With this new partnership, we are switching from one mass exam every few years to ongoing, more frequent testing with shorter waits in between application periods.

#BeDCsBravest

Please standby for more information about testing centers if you choose the in-person option and what you will need if you decide to take the exam virtually. Virtual exams utilize state-of-the-art security features and are proctored just like the in-person exam.

There is a \$55.00 fee to take the Firefighter/EMT entrance exam. If you are a resident of the District of the Columbia, the fee is waived.

There is a \$23.00 fee to take a practice exam. The practice exam is optional. If you are a resident of the District of the Columbia, the fee is waived.
